Abstract	1
2002 Series GED Test Takers	5
• Number by Location	8
• Number by Sex	10
• Number by Age	11
• Number by Race/Ethnicity	12
• Percent Who Received GED Diplomas by Sex	16
2002 Series GED Test	19
• Percent Passed Yearly by Sex	22
• Percent Passed by Location in New York City	24
2002 Series GED Subtests	26
• Number Taken by Sex	30
• Percent Passed by Sex	32
• Mean Scores by Sex	34
• Number of Single Failures by Sex	36
• Number of Test Takers Needing to Pass Only One Subtest by Sex <i>as of 12/31/13</i>	38
2002 Series GED Mathematics Subtest	41
• Number Taken by Sex and Race/Ethnicity	44
• Number of Times Taken by Sex	46
• Percent Failed by Sex	48
• Percent Failed by Sex and Race/Ethnicity	50
• Percent Failed by Location in New York City	52
• Mean Scores by Sex and Race/Ethnicity	54
• Number of Single Failures by Sex and Race/Ethnicity	56
• Number of Test Takers Needing to Pass the Subtest by Sex	58
• Number of Test Takers Needing to Pass <i>only</i> the Subtest by Sex and Race/Ethnicity	60
• Delay Caused by Failing the Subtest Scores by Sex	
○ Average Number of Days Test Takers Delayed by Failing Subtest Scores	62
○ Test Takers Delayed Five Years or More by Failing Subtest Scores	
TTest Results	65
Conclusion	69
